- **Style:** Witbier
- **Alcohol Content:** 5.5%ABV
- **Country:** Belgium

**Grisette Blanche Bio** belongs to the rich family of Belgian white beers. It is therefore very refreshing in summer. However, it remains a fullbodied, savoury beer offering lots of contrast. Its head is typical of wheaty beers – creamy and compact – with an opaque, hazy appearance. Respecting traditional methods, **Grisette Blanche**, in bottle, is now

certified organic.
